

NOTRE DAME IS WINNER OF MEET

CAPTURED FIRST IN WESTERN
CONFERENCE CONTEST AT
URBANA YESTERDAY.

FIVE RECORDS BROKEN

Leland Stanford Was Second—Chi-
cago Third—California and Illi-
nois Tied For Fourth
—The Summaries.

Urbana, Ill., June 4.—Notre Dame won the Intercollegiate Conference Athletic Association annual track and field meet with 29 points today, after one of the greatest contests in the history of the event. Leland Stanford came second with 17, and Chicago nosed out Illinois and California for third, with 13. Illinois tied for fourth with California at 12 points.

Following are the scores of other colleges:

Washington State, 10; Oberlin 10; Wisconsin 9; Minnesota 5; Kansas 5; Iowa 3; Colorado College 3; Western 2; Miami 1; South Dakota 1. It was the first time the championship has ever been won by a non-conference college, and the winners had a well balanced team and won easily.

Five new college records were established, old marks being smashed in the quarter mile, half mile, one mile, 220 yard hurdles and high jump. Davenport was the star in the record smashing with marks of 48.45 in the 440, and 1:56.45 in the 880. Following are the new records established:

Quarter mile—Baker, Oberlin. New record 1:29.45; old record 1:30.

Half mile—Davenport, Chicago. New record 1:56.45; old record 1:57.25.

Running high jump—French, Kansas. New record 6 ft. 5 in.; old record 5 ft. 11 inches.

Philbrook, of Notre Dame, won the medal for the highest individual scores, with eleven points.

The mile run resulted in a heart-breaking finish between Baker, of Oberlin, and Dohmen, of Wisconsin, the former winning by six inches. The remarkable time of 4:20.45 broke the old record of 4:25, made by Lightbody, of Chicago, in 1905. Dohmen set the pace nearly all the way but Baker was close up all the time. On the last lap Baker let out a bit and passed Dohmen on the last turn. They ran neck and neck down the stretch. Dohmen made a game effort, but it was too much and he fell across the line second. Baker was fresh at the finish.

Warman and Stolz were fast enough in the last half mile to win the relay race for Leland Stanford. Chicago, minus the services of Davenport, beat Illinois for second after a hard fight.

Summaries.

IOWA PRIMARY NEXT TUESDAY

CANDIDATES WILL STAY ON THE
PLATFORM DISCUSSING THE
ISSUES UNTIL LAST THING
MONDAY NIGHT.

Des Moines, June 4.—This state, rising to the requirements of its position as the immediate center of the nation's interests in Republican politics, refuse to close the primary campaign with tonight's meeting throughout the commonwealth.

Not until the last "stand pater" and he last progressive have returned to their homes Monday night will the candidates be content to enter the battle next Tuesday.

State officers and representatives in congress are to be nominated. Bradley speaking, the issue in the Republican ranks is the present Republican administration.

Outside of this broad line of demarcation between the factions there are, however, issues within issues, small factional differences so complicated in their relation, one to the other and to the result as a whole, that veteran observers, such as Lafayette Young, admit their inability to diagnose the situation in complete detail. However, the general feeling is that Tuesday's primaries will test thoroughly the position of the Iowa Republicans on the insurgent-stand-pat question.

Among those to be questioned at Beardstown is Frank Trout, a fisherman with an extensive business. Plans are mapped out for a wholesale investigation next week, when Representative Foster will be heard after the contributors of the "jack pot" have told their stories.

While much attention is being given to the fish bill fund by Burke, evidence was submitted to indicate that this trivial compared with the big

Washington, June 4.—The complete rout of the forces is shown by belated telegrams received by the state department. Those telegrams confirm the reports of the total defeat of the troops which has been operating in the neighborhood of Rama, Nicaragua.

The Madriz forces left many dead and wounded on the field. All dispatches of the last several days from the east coast of Nicaragua indicate that the Madriz armies at Bluefields and Rama were practically destroyed and that the end of the fighting on the east coast at least, seems in sight.

ENGINEMEN ARE FAVORED

Arbitrators Hand Down Decision
Granting Most of Their Demands
On Western Railroads.

Chicago, June 4.—The federal arbitration board which has been taking testimony in the wage controversy between the 27,000 engine-men and 49 railroads west of Chicago, late this afternoon handed down a decision favoring the engine-men. The arbitration board granted the employees 60 per cent of their demand of 12 1/2 per cent increase.

The men involved in the wage controversy decided by the board are members of the Brotherhood of Locomotive Firemen and Engineers. Under the ruling of the arbitration board the wages of the men vary with different classes of service. The hearing before the board has been on for three weeks. Scores of witnesses testified regarding the high cost of living. The railroads opposed the increase on the ground that they could not afford to meet it.

CROP OUTLOOK IS GOOD

Modern Miller Has Reports From
Many States Showing Improvement
in Wheat Since May 1.

St. Louis, June 4.—In reply to inquiries whether winter wheat improved or deteriorated since May 1, reports from millers indicate improvement in most states, the largest gain being in Kansas and Nebraska; where the crop has gone back, the largest loss is in Illinois and Indiana. Hesitant fly is reported as the chief cause of damage, and the plowing up of wheat land in May is attributed to the fly. The average condition indicated is 73 for Kansas, against 65 on May 1; Nebraska, 75, against 67; Missouri, 74, against 73; Illinois, 70, against 60; Indiana, 76, against 82; Ohio, 88, against 86; Michigan, 86, against 84; Oklahoma, 89, against 87; Texas, 90, against 91; Kentucky, 89, against 83; Tennessee, 85, against 83.

Assembly.

Springfield, June 4.—After John Dixon, of Peoria, and Henry Lemm, of Pekin, wealthy fish dealers, had testified before the Sanborn county grand jury this afternoon regarding the fish bill "jack pot," State's Attorney Burke left hurriedly for Beardstown and other Illinois river points to seek evidence to connect, if possible, the collection of the money and its payment to certain members of the legislature.

Among those to be questioned at Beardstown is Frank Trout, a fisherman with an extensive business.

Plans are mapped out for a wholesale investigation next week, when Representative Foster will be heard after the contributors of the "jack pot" have told their stories.

Jackson, Mich., June 4.—President Taft today proclaimed Socialism as the greatest problem that confronts the American people an issue that is soon to come and that must be skillfully met. By its history, he declared, the Republican party had shown itself capable of dealing with great questions effectively and wisely, and he predicted that the American people must soon determine whether it shall treat the same party with the solution of "that problem with which we have no greater in the history of the country."

Taft spoke with great earnestness, his remarks coming as a reiteration of his brief reference to Socialism in his speech at Ada, Ohio, yesterday. He seemed to deeply impress his hearers. By many his words were taken as framing the issue for the coming campaign. The president dis-

Monroe, Mich., June 4.—With President Taft in attendance as the orator of the occasion the nation, state, city and local farming district united here today in paying tribute to the memory of General Armstrong Custer, who with 234 of his cavalrymen, was slain by Sitting Bull's band of Sioux Indians at the battle of the Little Big Horn in the "Bad Lands" of Montana, June 25, 1876.

A magnificent equestrian statue of General Custer for which the legislature of Michigan appropriated \$25,000, was unveiled by the general's widow, Mrs. Elizabeth B. Custer, of New York, and among the other guests of honor was Nevin J. Custer, the cavalry leader, only surviving brother who still resides on a farm near here in the neighborhood where the farmer and his military brother passed their boyhood.

Washington, June 4.—The American Sugar Refining Company is one of the so-called "trusts" against which the government probably will proceed eventually under the Sherman anti-trust law on the ground that the company is a combination in restraint of trade.

The basis for the proposed prosecution largely will rest on the results of the investigation conducted by Attorney General Wickersham, and Secretary MacVough and transmitted to congress recently by President Taft.

Madison, Wis., June 4.—The Wisconsin eight oared crew won easily over Washington university's eight on a three mile course on Lake Mendota this afternoon, in a contest rowed in a drizzling rain. Wisconsin's time was 16 minutes 6 seconds. Washington crossed the finish fifteen seconds later.

The race was Wisconsin's from the start, the stroke rowed being kept at 30 for almost the entire course. Within a quarter of a mile of the finish, Coxswain Richardson of the Wisconsin crew saw the Washington eight increasing the stroke to nearly 36, splashing a good deal in their efforts to close the gap of nearly three boat lengths. Accord- ingly he pushed his men to the 32 mark and Washington's sport was of no avail.

SOMEWHAT A SURPRISE

Indications Are House and Senate Will Reach Early Agreement on Railroad Bill.

Washington, June 4.—Although it came as a surprise to many there were numerous indications today that the senate and house might reach a prompt agreement on the railroad bill through the practical acceptance by the house of the senate bill.

While there is no certainty that such will be the case there are many things pointing that way. This would have the effect of hastening the adjournment of congress, and the members prophesied that with the railroad bill agreed upon, adjournment will come within three weeks.

claimed any purpose of making a partisan address, but the occasion of his visit here was the unveiling of the bronze tablet commemorating the organization of the Republican party, "under the Oaks in 1854," and he could not altogether refrain from a comparison of the party with its opponents, which was not altogether favorable to the opponents. He also declared that popular government must be a government of parties, and in this connection there was just a passing hint at insurgency. The president declared that unless individuals were willing to sink minor considerations to the will of the majority in the party, there would come a rule by groups.

"In this event," he added, "the Lord only knows where the government would be, and what it would accomplish."

The president left at 8:30 p. m. for Washington.

Taft spoke in the open air at Kelley Park to a grand stand filled with a throng which gave him a demonstrative welcome.

Taft dined tonight with Representative Townsend. Senators Burrows and Smith were also there.

The president divided the day between Monroe and Jackson. At Monroe he spoke at the unveiling of the statue of General George Armstrong Custer.

Governor Fred M. Warner came today to give the state of Michigan official representation at the dedication and veterans of the four Michigan cavalry regiments that composed the Custer brigade in the Civil war, acted as escort of honor to the president in the parade.

TO DISCUSS RATE CASE

Taft and High Officials of the Railroads Will Have Conference at White House.

Washington, June 4.—The presidents or other high officials of probably a dozen railroads will discuss the rate case with Taft next week. It is expected that the meeting will take place Monday. The request for a conference came from President Ripley, of the Santa Fe railroad. Taft promptly accepted. Official circles declined today to discuss the representations on which the desire for a meeting was made.

Attorney General Wickersham declined to issue any "reassuring statement" touching the attitude of the administration towards the railroad.
